This notice is to explain the "NEW" July Quarterly filing FEC-1028389 filed 10/14/15.

On 10/14/15 an attempt was made to electronically file an Amended July Quarterly Report to replace the original July Quarterly Report FEC-1020269 filed by hand on 07/15/15. Several attempts to electronically file this amendment were rejected due to "cannot find superseded filing FEC-1020269". Due to this error, the Amendment needed to be filed as "NEW" in order to process electronically.

Please let us know if this Misc Submission is sufficient explanation or if other efforts need to be taken to rectify this situation.
